**WHO WE ARE**

# Welcome To Our Company

## The Message From Our CEO

“

**"I am yet to find a Bad Child...but I have seen far too many children do really bad things because of what happened to them" - Dr. Bukola**

Welcome to Suburban Healthcare Initiative and Systems, where compassion meets action. As the CEO, I and my amazing team are unwavering in our commitment to reducing the incidence of mental illness in children and youths. Through our comprehensive training, innovative treatments, and groundbreaking research, we strive to eradicate violence against children. Our mission extends beyond healing; it seeks justice for survivors.

Join us on this transformative journey as we empower young lives, foster resilience, and create a safer world for every child. Together, we can turn pain into purpose and trauma into triumph.

**Bukola Ogunkua MD, MHS, MPH, LPC, FAAETS**  
The CEO of Suburbancares

Who we are

## About Suburbancares

Suburbancares is committed to providing comprehensive mental health assessment, treatment, support, and care for children, adolescents, and young adults. Since our inception, we have impacted tens of thousands of lives through our various programs and initiatives. Our work is driven by a deep understanding of the impact of Adverse Childhood Experiences (ACEs) and a commitment to fostering resilience and healing in young people.

## Our Vision for Collaboration

We believe that partnering with individuals and esteemed institutions can amplify our efforts and create a more significant impact. By collaborating with organizations like yours, we aim to:

**Advance Research and Advocacy:** Combine resources and expertise to conduct groundbreaking research on child trauma and related issues and to advocate for policies and practices that address the root causes of trauma and promote healing.

# Our Vision for Collaboration C'ntd

## **Develop Educational Programs:**

Create and implement educational programs that raise awareness about mental health, trauma, and resilience and tailor these programs to meet the needs of students, educators, and the broader community. We also provide **Train-the-Trainer** program for staffs and caregivers

## **Support Community Outreach:**

Collaborate on outreach initiatives to provide support and resources to vulnerable populations while leveraging on our networks to reach more individuals and make a lasting difference.

**Promote Capacity Building:** Offer training workshops for staffs, caregivers, faculty, other stakeholders working with children and youth wellbeing. Topics may include trauma-informed care, mental health awareness, and effective advocacy strategies.

# SOME OF OUR ACTIVITIES

Our mission is to inspire stakeholders in the community towards recognizing and promoting the campaign for child wellness.

# Next Steps

We would be honored to discuss this potential collaboration further. Please let us know a convenient time for a meeting or call to explore how we can work together to achieve our shared goals.

Thank you for considering this opportunity. We look forward to the possibility of partnering with your organization to create a brighter future for our children and communities.

The Suburbancares Trauma Institute (STI) prioritizes student needs, providing developmentally appropriate training, support, and counseling. Certifications reflect ongoing education and practical skill implementation, demonstrating professional growth beyond a static college diploma.
